

## Product Data Sheet

### Product Description

|                     |                              |
|---------------------|------------------------------|
| Catalogue number    | 5130120C                     |
| Product description | Expell 1250µL XL, clear, bag |
| Sales Unit          | Case / 20x500 tips           |

### Product Characteristics

|                       |                                                          |
|-----------------------|----------------------------------------------------------|
| Graduation            | Yes                                                      |
| Filter                | No                                                       |
| Filter specifications | N/A                                                      |
| Low retention         | No                                                       |
| Sterilised            | No                                                       |
| Autoclavable          | Yes, 121 °C, 20 min                                      |
| Purity                | Free of RNase, DNase, Human DNA, Pyrogens, PCR Inhibitor |

### Size

|                   |          |
|-------------------|----------|
| Max. volume       | 1250 µL  |
| Length of product | 97.60 mm |

### Material / Colours

|                   |                    |
|-------------------|--------------------|
| Product material  | Polypropylene (PP) |
| Colour of product | Clear              |

### Packaging

|                          |                   |
|--------------------------|-------------------|
| Type of packaging        | Bag               |
| Pieces/rackbox           |                   |
| Pieces / bag             | 500 tips          |
| Pieces / pack            |                   |
| Pieces / case            | 10,000 tips       |
| Dimensions case / carton | 400 x 400 x 600mm |

### Storage and Handling

|             |                       |
|-------------|-----------------------|
| Temperature | Below 35°C            |
| UV light    | Protect from UV light |

**Note:** *Improper storage can initiate degradation, which results in colour changes and can have negative effects on the physical properties of the products.*

**Safety:** *The product is not classified as dangerous*

**Recycling:** *The product is recyclable.*
